Message from the President

May was another epic month to be a glider pilot!

Our 22nd Edition of the International Hand Launch Glider Festival launched the month. By all accounts, it was yet another exciting event worthy of international attention. Our sincere thanks go out to everyone who stepped up to make this event happen.

While I know that not everyone is in a position to devote the time to serve on the Board of Directors, I hope that you will consider volunteering to help out at other club events and functions. It can be a rewarding and fun experience, and you will know that you have helped out your fellow gliders, while learning something along the way. Finally, I would like to thank all of the competitors for traveling out and supporting this event.

On the third weekend of May we hosted the TPG hosted a fun "Foam" fly at the Torrey bluff on Saturday and the monthly TD contest on Sunday. This months TD contest marked the halfway point for the 2015 season, and the Fun Foam Fly turned out great! We had just under twenty pilots flying that day, and four pilots received their Torrey rating. At one point, we had nine (9) foam 2 meter KA-8 flying at once. It was quite the spectacle, but the planes were perfect for the day's conditions that started off a little cloudy, but cleared to be a picture perfect Torrey Day. Additionally, TPG was able to donate eighteen cans of nonperishable food to the San Diego Food Bank thanks to the generosity of TPG pilots at the event that day.

Message from the President (continued)

To finish out the month (Memorial day weekend), a contingency of TPGulls headed north to participate in the Power Scale Soaring (PSS) Festival hosted by the Inland Slope Rebels on the 22nd thru the 24th. Pilots gather at the top of the Cajon Pass to fly scale warbirds every year, and this year did not disappoint. All three days yielded near perfect conditions of 25 to 30 mph straight in. This year's ISR group build subject was the B-17. Nineteen built B-17's made it to

the event. At one point we had 12+ B-17's doing 350 ft pumps (hammerhead stall turns). Lots of fun that weekend, and surprisingly very little carnage! The B-17's were only a small part of the festival. Nearly fifty (50) talented builders built a wide variety of PSS works of art and flew well. A couple of our very own TP Gulls competed and placed in the judging (beauty) contest....If you haven't been to a PSS Fest, I suggest you try to attend one in the future!

So now as I write, the month of May is wrapping up a great month of flying as we head into our summer break. Coming up in June, Torrey Pines will be hosting the Katie Martin Tribute Fly-In at the Gliderport. In July we are tentatively planning another fun fly at one of the TPG sites (TBD). Over the summer, TPG will continue to host the monthly DLG and TD contests. I encourage you to check out as many of the events as you can.....Watch the website dates and times for this summer's events.

That's all I have for now; have a great summer!

Fly more often, fly safe, and build something cool!

R,

Dan Cummins
Torrey Pines Gulls
2015 President

Newsletter Update - Dale Gottdank

We're getting closer to summer, enjoying a great 2015 for the Torrey Pines Gulls and remember, to make this newsletter even better:

Please send articles! They don't have to be a "novel," just a paragraph or two about something that interests you related in some way to RC soaring...even something interesting you happened upon on the internet. I'd like to have the newsletter published by the first week of every month. If there's a project you're working on, don't just post it on RCGroups...share it with your club!

To make the timely issue possible, I need the club members' support and help in providing me with **recent** pictures, articles and any upcoming events. If there are too many, we'll save some for the next issue.

Please send in your articles or photos (dgottdank@gmail.com) by the **25th** of each month so they can be included in the monthly newsletter. The newsletter can be found on the Torrey Pines Gulls website at <http://www.torreypinesgulls.org>

Club Meetings, Contests and Activities

As we did during 2014, TPG will continue to host monthly contests, fun-fly events, and onsite clinics. General meetings will coincide with non-competitive events throughout the year. Be on the lookout for upcoming details and scheduling for all TPG and related events in the Newsletter and on the Torrey Pines Gulls website at:

The new world record of 9 Ka-8's in the air at Torrey at the same time was set that afternoon; A record that may not ever be surpassed in modern times.

These weren't just stock Ka-8's out of the box. Most of them were modified. Speaking of modifications, many people spent hours reading and reviewing the assembly manuals, researching best practices for the specific airframe and test fitting components for exacting fitment; Past Gulls President Marty Dine had none of that nonsense and completed his plane, including custom paint and extensive MW modifications in a mere 15 minutes!

Big thanks also goes to the Cliff Hanger Café, the Gliderport Crew that enforced the window rules and the folks that donated 18 cans of food, which President Dan Cummins donated to the San Diego Food Bank.

Bill Eckles

Our membership continues to grow. We're now standing at 89, thanks to some new members last month. Still, we can benefit from a few more renewals hoping to get to the three-digit mark. The club's board of directors is doing a great job getting more value into the annual dues by providing food and drinks at fun-fly events as well as a reduced competition fee for contests.

Please, participate! You'll be glad you did, and the club will appreciate it as well. Meanwhile, urge that breeze to turn on-shore while spring is still on our minds.
